Risk Warning: Margin trading in financial markets such as stocks, futures, Forex and Contracts for Differences (CFDs) are some of the riskiest forms of investments available in the financial markets. Traders must acknowledge that stocks, futures, Forex and CFDs are complex financial products that are traded on margin. It carries a high level of risk since leveraged trading can work both for you and against you. It is not suitable for all investors because you may lose more than your initial invested capital. You should not speculate with capital that you cannot afford to lose. Before deciding to trade, you need to ensure that you understand the risks involved, taking into account your investment objectives and level of experience. Past performance in Financial markets is not a reliable indicator of future results. Most CFDs have no set maturity date. Hence, a CFDs position matures on the date you choose to close an existing open position. Please read JM Financial Brokerage Services Co. full Risk Disclosure and Privacy Disclosure Statement. We recommend you seek advice from a separate financial advisor.
